

Index

- Achievement-oriented cultures, 7
- Aristotle, 79
- Bangladesh, 9
- Belgium, 62
- Bennett, M., 50
- Bohr, N., 24, 35, 99
- Both/and (inclusion) approach, 93, 106
 - communication styles, 82
 - decision making and, 83–84
 - negotiation standards and, 86
 - patterns and, 80
 - problem solving, 85
 - time management and, 81
- Brainstorming, 28–29, 143
- Brazil, 9
- BRICS countries, 9
- Certainty, shortcomings of, 67–69, 76
- China, 9, 62, 76
- Classical negotiation, 4–6
 - culture spawning, 6–9
 - Classical physics, 6, 12, 57, 65, 76, 78, 140
 - and quantum mechanics, 10
 - history of, 2–3
 - integration, 79
 - Clegg, B., 64, 68
 - Collectivist culture, 22, 30, 60, 76, 86, 105, 113
 - Confrontation theory, 83
 - Context, importance of, 64–66
 - Cross-cultural interactions, issue in, 16
 - Cultural awareness, 13, 51, 63–64, 134–135
 - Cultural dimensions, 45, 48, 61, 63, 65, 112–113
 - Cultural isolationism, 117
 - Cultural map, 65
 - Cultural stereotyping, 117
 - Cultural theories, catching up with reality, 114–115, 119
 - Cultural training programs, 10
 - Deal and negotiations, 18–19
 - De Broglie, L., 76

- Determinism, 2–4, 11, 13, 20, 48, 78, 79
- Developing and emerging countries, rise of, 9–10
- Dialectical logic, 80
- Dilemma and paradox, difference between, 27
- Egypt, 9
- Einstein, A., 2, 3, 12, 76
- Either/and (integration) approach, 106, 133
 communication styles, 82
 decision making and, 84
 negotiation standards and, 86
 patterns and, 80
 problem solving, 85
 time management and, 81–82
see also Integration
- Either/or (exclusion) approach, 24–26, 35, 68, 93, 134
 communication styles, 82
 decision making and, 83
 negotiation standards and, 86
 patterns and, 79–80
 problem solving, 85
 time management and, 81
- Energy conservation, 99–100
 law, 99
- Entropy, 28
- Environmental control cultures, 7
- Everett, H., 27
- Exclusion Principle, 77
- Fang, T., 50
- Fermi, E., 123
- Fisher, R. and Ury, W., 4, 6, 109, 110, 150
- Focal approach, 85
- France, 62
- Gleick, J., 55
- Globalization, 16, 45, 106, 114
- Global Leadership and Organizational Behavior Effectiveness (GLOBE) model, 112
- Glocalization, 106
- Greece, 62
- Hall, E., 49
- Heisenberg, W., 27, 56, 57
- Heisenberg's uncertainty principle, 56–58, 70
- Hofstede, G., 22, 50, 61, 62, 112, 113
- Hong Kong, 106
- House, R., 112
- Iceberg metaphor, 49–50
- India, 9, 22, 62
- Individualistic cultures, 7, 22, 30, 76, 114
- Indonesia, 9, 62
- Integration, 75–77
 choice making and, 91–92
 experiments, 95, 98
 moving from exclusion and inclusion to, 78–79
 communication styles, 82–83

- decision making, 83–84
 - negotiation standards, 85–87
 - problem solving, 84–85
 - thinking patterns, 79–80
 - time management, 80–82
- paradigm collision and, 87–91
- regret power and, 92–94
- see also* Either/and (integration) approach
- Iran, 9
- Italy, 62
- Leucippus, 78
- Lewis, M. W., 21
- Linear thinking cultures, 8
- Long-term versus sustainable negotiation, 19–20
- Lose/lose strategy, 6
- Low context cultures, 7
- Many Worlds Theory, 27, 32
- Masculine cultures, 7–8
- Maxwell, J., 75
- Mexico, 9, 62
- Monochronic cultures, 7
- N11 countries, 9
- The Netherlands, 77
- Newton, I., 2, 3, 12, 37, 133
- Nigeria, 9
- North Korea, 62
- Objective collapse, 67–68
- O’Neil, J., 9
- Onion, as metaphor, 50
- Optical illusion, negotiation as, 35–37
 - critical angle, 42–44
 - cultural metaphors and, 49–50
 - cultural stimuli and, 39–41
 - culture as planet in universe and, 49
 - cultures as integrated systems and, 44–49
 - experiments, 53–54
 - light waves and culture and, 41–42
 - observation and, 50–51
 - rainbow
 - as metaphor for international negotiation and, 37–38
 - nature of, 38–39
- Orderly cultures, 8
- Pakistan, 9
- Paradoxes, 15–18
 - brainstorming, 28–29
 - dilemmas, decisions, probabilities and, 59–60
 - either/or danger and, 24–26
 - experiments, 32–34
 - living with, 29–30
 - long-term versus sustainable negotiation and, 19–20
 - negotiation as activity of, 30–31

- negotiation for deal and, 18–19
- power and confusion of, 21–22
- reality limiting creativity and positive outcomes and, 26–28
- Schrödinger’s cat paradox experiment, 20–24
- Pasteur, L., 12
- Patterns, 60–61
 - both/and approach, 80
 - either/and approach, 80
 - either/or approach, 79–80
 - problem with, 61–63
- Pauli, W., 77
- Persuasive negotiation, 109
- Peru, 38
- Philippines, 9
- Physics and negotiation,
 - connection between, 3–4
- Planck, M., 1, 2, 12
- Principled negotiation, idea of, 4–6, 109–111
- Probabilities, 55
 - certainty shortcomings and, 67–69
 - confusion and, 58–59
 - context importance and, 64–66
 - cultural awareness and, 63–64
 - experiments, 71–73
 - Heisenberg’s uncertainty principle and, 56–58
 - paradoxes, dilemmas, and decisions and, 59–60
 - patterns and, 60–61
 - problem with, 61–63
- Protagoras, 15
- Quantum mechanics, 11–13, 24, 35, 41, 49, 65–67, 71, 76, 78–79, 118
 - and classical physics, 10
 - history of, 2–3
 - integration, 79
- Quantum physics, 2, 4, 20, 27, 28, 32, 140
- Rae, A., 65
- Rainbow, as metaphor for international negotiation, 37–38
- Regret, power of, 92–94
- Russia, 9, 62
- Schrödinger, E., 20
- Schrödinger’s cat paradox experiment, 20–24, 32, 67
- Schwartz, S., 112
- Singapore, 62
- 6-D Model, 61–62, 67
- Socrates, 80
- South Africa, 9
- South Korea, 9, 62
- Space bubble cultures, 8
- Superposition approach, to cultures, 67–68, 71
- Sustainable negotiation, 99
 - as best model, 115–116

- cultural dimensions and, 112–113
- cultural theories catching up with reality and, 114–115
- dealing with backslides in, 141–144
- experiments, 120–122, 146–147
- introducing concept of, 139–141
- marriage and pets as, 107–108
- and negotiators as smart, 103–105
- for opportunities creation, 102–103
- preparation for, 133
 - being happy and prepared to meet people, 136
 - cultural awareness, 134–135
 - finding new solutions, 138–139
 - flexibility on negotiation timing, 136–137
 - learning about people negotiating with, 135
 - market knowledge, 134
 - showing interest, 135–136
 - staying in touch, 138
 - sustainable negotiation tactics usage, 137–138
- principles behind
 - awareness of context, 132–133
 - ethical behavior, 130–131
 - focus on positive energy, 131
 - no time limit, 131–132
 - role playing, 133
 - valuing of continuing relationship, 132
- reasons for
 - energy conservation, 99–100
 - profitable relationship creation, 100–101
 - right partners locking in, 101–102
 - sustainability global trend and, 116–117
 - temporary negotiation and, 108
 - transforming people and processes, 105–106
 - versus win/win strategy, 123–130
- Syllogisms, 79
- Time management, 80
 - both/and approach, 81
 - either/and approach, 81–82
 - either/or approach, 81
- Trompennars, F., 112
- Turkey, 9
- United Kingdom, 62, 106
- United States, 9, 62, 76
- Universalistic cultures, 7, 22, 30, 38, 52, 65
- Value co-creation, 105
- Value creation, 105
- Vietnam, 9

Weak power distance cultures, 8
Win/lose strategy, 5–6, 93,
103, 126
Win/win strategy, 5, 19, 75, 93,
103
limitations of, 106
versus sustainable
negotiation,
123–130
Yin and Yang paradox, 29–30,
32
