*Note*: Page numbers followed by "*n*" indicate notes.

Abstract conceptualization, 132–133
Academy of Management/Management Spirituality and Religion (AOM/MSR), 205
Accurate self-knowledge (*see* Self-awareness)
Active listening, 142
Adaptability, 136
Adult learners, 198–199
  enhancing emotional intelligence in educators and, 202–205
  instructor as guide, 200–201
  instructor's skills using CAE, 204–205
  participative classroom activities, 202
  personal account of transformational adult learning, 205–208
  practice mentoring, coaching, and providing meaningful feedback, 201
Adult learning theory, 197–199
Aesthetic values, 228
Aesthetics, 228
Analytical thinking, 233
Andragogy, 197, 200
Animation, 121
Art appreciation, 233
Art galleries, 231
Artful creation, 228
Artful leadership, 228
Artistry in leadership, 228
Arts-based pedagogy, 229–230
  CODA, 240–241
  group–reactive experiential learning by participatory art projects, 236–238
  individual–proactive experiential learning by creating e-portfolios, 234–236
  individual–reactive experiential learning at art gallery, 232–234
  integrated framework of arts-based practices in management education, 230–231
  socially engaged art projects as group–proactive learning practices, 238–240
Association to Advance Collegiate Schools of Business (AACSB), 228
Attending, 169
Attentional self-regulation, 41
Audience response systems (ARS), 94
  acknowledging feelings of discomfort, 95
  application of key ideas in practice, 98–101
  applications, 94
  emotions in leadership education, 96–97
  facilitating process, 98–101
  LDP, 98
  use of technology ARS as facilitation tool, 97–98
Audio files, 121
Authentic assessments, 8
Authentic leaders, 97
Authentic leadership, 97, 100
Autoethnography, 65, 197
Automaticity of being, 183–185
Autonomy, 131
Average variance extracted (AVE), 30

Aversive-hostility, 60
Avoidance, 59–60
Awareness, 153, 169–170

Balanced processing, 97
'Big five' personality traits, 25
Black Lives Matter movement, 65
Boredom proneness, 25
  analysis and results, 30–31
  literature review, 27–29
  measures, 29
  sample and procedure, 29
Breathing exercises, 120
British Asian, 65
Building relationships, 150–151
Building trusting relationships, 76
Bullying, 60
Burnout, 112
Business capstone, 16–19
Business education, 45, 85
Business games, 162
Business schools, 74
  business education challenges, 44–45
  case studies, 46–53
  decision-making as mental process, 43–44
  education, 40
  mindfulness and mindful meditation, 41–43
  recruiters, 74–75

Case studies, 162
Catching stress, 112–114
Certification, 180
Change, 87
Childhood trauma, 61–64
Classrooms, 213
  activities, 87*n*10
  as complex system, 76–77
Coaching, 201
  competence, 156–157
CODA, 240–241
Cohesive teacher identity, 186
Collaborative autoethnography (CAE), 198
  instructor's skills using, 204–205
Collaborative for Academic, Social, and Emotional Learning (CASEL), 75
Collaborative learning, 78
Common method bias, 30
Community Approach to Learning Mindfully (CALM), 116
Competence, 131
Complex adaptive system (CAS), 77
  to facilitate SEL activity idea development, 77–81
  practicing SEL in classroom using CAS mental model, 81–87
Complexity, 188
Concept integration and reflection exercise (CIRE), 83–84
Connection, 154–155
Connection with others, 150–151, 156–157
Consciousness, 181
Consideration of others, 150, 153–154, 156
Constant fear of serious illness, 40
Constructive dialogue, 95
Containing, 169
Coping, 112
  strategies, 122
Corporate social responsibility (CSR), 234
Course assessment, 8
Course design, 128*n*1
COVID-19 pandemic, 33, 40, 77, 128, 212
Creating Resilience for Educators, Administrators and Teachers (CREATE), 119
Critical Incident Technique (CIT), 215
Critical reflection, 172
Cultivating Awareness and Resilience in Education™ (CARE), 116, 118–119
Culture, 71
  creators, 136, 139
Cyberloafing, 24, 26, 29
Cyberslacking, 24

Decision biases, 44
Decision-making, 40, 43
  as mental process, 43–44
Design Thinking, 40
Determination, 41
Dialogical practices, 237
Dialogues, 172
  to community-basedservice-learning, 162
Dialoguing, 169
Digital photography, 235
Digital sources, 121
Direct action coping strategies, 122–123
Disappointment, 167
Discomfort, 95
Discrimination on racial grounds, 59
Disorientation, 9
Disorienting dilemmas, 9
Do-it-yourself artwork, 237
Dual theory, 43
Dynamic moments, 164

Educators, 116, 148, 160–161, 163, 168
Effective and ethical decision-making, 76
Ego, 184
Electronic portfolio (e-portfolio), 231
  individual–proactive experiential learning by creating, 234–236
Emailing, 24
Embarrassment, 167
Emergence, 78–80
Emotion regulation, 74
Emotional experience, 141
Emotional intelligence (EI), 8, 25, 43, 48, 136, 149, 212
  analysis and results, 30–31
  data analysis, 217
  data collection, 217
  design, 215
  effects, 212
  enhancing emotional intelligence in educators and adult learners, 202–205
  literature review, 26, 213–215
  materials and methods, 215–218
  measures, 29
  results, 218–222
  sample and procedure, 29
  setting and participants, 215–216
Emotional regulation, 133
  and awareness, 33
Emotional responses, 66
Emotional self-awareness, 136
Emotional self-regulation, 41
Emotional skills, 75
Emotional valence, 7, 19
Emotional/mental wellbeing, 48
Emotions, 62, 93–94, 161–162, 170, 212
  exploring waves of, 163–168
  in leadership education, 96–97
  learning to surf dynamic waves of, 173–174
  recognizing, 171–172
  in virtual classrooms, 214
Empathetic professor, 49
Empathy, 136
Engagement chats, 84–85
Ethical behaviour, 45
Ethical blind spots, 41, 44
Ethnicity, 71
Ethnography, 60
European Federation of Management Development (EFMD), 228
Executive education, 93–94
Exhaustion, 112
Experienced andragogy teachers, 202
Experiential learning, 8–9, 77
  theory, 128–129, 160
Experiential teaching, 160
  exploring waves of emotions, 163–168
  guiding practice, 169
  informed action, 172–173
  language of human experience, 165
  and learning, 161–163
  learning to surf dynamic waves of emotions, 173–174
  making sense of waves, 168–169
  reading wave, 169–171
  recognizing emotion, 171–172

Face-to-face learning, 141
Facilitator, 94
Faculty, 133
  authenticity, 133
  flexibility, 138
Faculty development, 180
  importance of self-awareness to, 193
Feedback, 80–81
First Peoples healthcare practice, 95
5-point Likert agree–disagree scale, 104
Forgiveness, 72
Formally structured training, 116
Formative assessments, 15–16
Fornell–Larcker criterion test, 30
Four-phase model, 9
Friendship, 86

Gen Z business students, 233–234
Gestalt approach, 131
Gifted student, 68
Graduate Management Admission Council, 75
Group–reactive experiential learning by participatory art projects, 236–238
Guided mindful meditation, 46–51

Harman's single factor test, 30
Higher education, 77
Hogan Development Survey (HDS), 98–99, 101
Hostility, 60
HR business partner, 15
Humour, 136

Identity, 180
Immediate feedback, 98
Implicit biases, 44
In-class simulations, 163
Individual behaviour, 24–25
Individual emotional development, 76
Individual/dyadic, 82–84
Individual–proactive experiential learning by creating e-portfolios, 234–236
Individual–reactive experiential learning at art gallery, 232–234
Influence orientation, 155–157
Informed action, 172–173
