INDEX

Note: Page numbers followed by "*n*" indicate end notes.

Access
  to birth control methods, 38
  to financial resources, 19–21
Africa effect, 38
Alcoholism, 150
Asset(s)
  community regime, 132
  index score, 105
  ownership, 128

Bargaining game, 40
Basic education, 19–21, 25, 35–36
Bayesian information criterion (BIC), 21, 30*n*3
Bias, 72–73
Brazil, income inequality in, 66

Capabilities Poverty Line, 137
Civil and Family Codes (CF), 129
Civil Codes (CC), 129
Civil society, 158–161
Civil society organizations (CSOs), 148, 158–159
Cluster
  analysis, 15, 25
  cluster-level empowerment variables, 45
Cohabitation, 128–129, 132, 136
Community psychology, 168
Confirmatory factor analysis (CFA), 17, 32
Conjugal society regime, 130
Correlates of FLFP, 107–116
Cross-section analysis, 25–29

Debt, 184
Demographic and Health Surveys (DHS), 17, 41
Desired fertility, 39, 41–42, 44–45, 49–51
Dimensions of women's empowerment, 19, 24
Disaggregated study, 15
Divorce, 128
Dominance model, 67, 69, 73
Drug addiction, 150

Economic
  empowerment, 2
  participation, 20, 34, 36
Education, 7, 45
Elasticity of intergenerational income for children, 72
Empowered organizations, 169
Empowerment (*see also* Women's empowerment), 2–5, 16, 39, 166, 187, 201
  as collective process, 167–169
  nexus, 39
  policies, 202
European Union (EU), 162
Expenditures of the household survey (ENIGH), 134, 138
Exploratory factor analysis (EFA), 17, 19–20, 32

Factor analysis techniques, 15, 17
Family Codes (FC), 129, 132–134
Federal Civil Code (CCF), 129
Female debt, burden of, 189–192
Female empowerment, 158
Female homicides, 148–149
  by age, 153
  by educational level, 155
  by marital status, 154

rate by rural–urban municipalities, 155
socio-demographic characteristics and spatio-temporal dispersion, 151–157
Female labor force participation (FLFP), 96, 122–124
choice of datasets, 99–100
correlates, 107–116
distribution of slum population in million plus Indian cities, 97
literature review, 98–99
model and covariates, 103–107
workforce participation, 100–103
Fertility transition, 38–39
Financial inclusion, 188
Food Poverty Line, 137

Gender
equality, 15
indicators, 15
mainstreaming of public policy, 39–40
role model, 67, 69, 73
Gender Alert, 159–161
Gender differences
in intergenerational income mobility, 82–85
in intergenerational transmission of education, 85–89
Gender Equality Index (GEI), 23, 25
Gender Gap Index, 16
Gender inequality index (GII) (*see also* Multidimensional index of women's empowerment (MIWE)), 14, 16
Gender-based violence (GBV), 148
cultural and geographical aspects, 150–151
factors associated with GBV in Mexican context, 149–151
poverty and GBV in Mexican context, 149–150
General Law on Women's Access to a Life Free of Violence (LGAMVLV), 159
Generalizable studies, 167
Grassroots organizations, 166–167
bringing voices, 174–176
empowerment as collective process, 167–169
La Red de Mujeres de Bajío voices, 170–172
Las Gaviotas voices, 172–174
methodological notes, 169–170
Green revolution, 186

Heckman model, 73, 91*n*2
Household Brazilian Classification of Occupations (CBO), 74
Households, 136, 188
Human Development Index (HDI), 25–26

Ideal models, 136
Income
effect, 105
inequality in Brazil, 66
India, metro cities of, 99–100
Indian Human Development Survey-2 (IHDS-2), 99–102
Inequality, 128
reduction, 66
Inter-agency and Expert Group on SDG indicators (IAEG-SDG indicators), 5
Intergenerational elasticity (IGE), 67
Intergenerational income mobility, 66
data selection, 75
data source and compatibilization of occupation codes, 74–75
daughters in, 68–70
descriptive analysis, 75–78
estimating parents' income by TSIV, 71–73
gender differences in intergenerational income mobility, 82–85
measures, 70–71
mothers in, 68–70, 73, 78–82
women in, 69

Intergenerational income transmission, 70
Intergenerational mobility analysis, 67
Intergenerational transmission of education, gender differences in, 85–89
International Classification of Diseases (ICD), 151

Joint model, 67, 69, 73

La Red de Mujeres de Bajío voices, 170–172
Labor, 187, 189
  force participation, 45
  market, 19–21
Labor force participation rate (LFPR), 96, 100–101
"Labour, Finance and Social Dynamics" research program, 185
Las Gaviotas voices, 172–174
Legal society regime, 130–132
Likelihood function, 152
Linear model, 137
Log likelihood ratio (LLR), 153
Logarithmic probability ratio, 153
Logit model, 137

Marital regime, 136, 139
Marital situation tendencies in Mexico, 134
  socioeconomic characteristics, 135
  tendency in divorces, 135–136
  tendency in marital status of women, 135
Marital status, 129
Marriage laws
  in Mexico, 128
  research on, 129–134
Methodological notes, 169–170
Metro cities of India, 99–100
Mexico
  marital situation tendencies in, 134–136
  tendency in divorces, 135–136
Microcredit, 187–188
Migration, 98
Monte Carlo test, 153
Multidimensional index of women's empowerment (MIWE), 15, 17, 25
  country values in, 34–36
  indicators, 18
Multidimensional Poverty Index, 27
Multithematic surveys, 100

Narratives, 169
National Institute of Statistics and Geography (INEGI), 151
National Rural Employment Guarantee Act (NREGA), 188
National Sample Survey Organisation (NSSO), 118*n*2
Neo-classical theory, 99
Neoliberalism, 2
Networks, Employment, dEbt, Mobilities and Skills in India Survey (NEEMSIS), 184–185
Non-slum, 99, 112

Objective measures, 45
Official income/poverty of household, 134
Operation Blackboard, 187
Other Backward Classes (OBC), 104

Parental income, 73
Participation in production activities, 19–21
Patrimony Poverty Line, 138
Pearson's correlation coefficient, 28
Phenomenological paradigm, 169
Poverty, 128
Power relations, 2–3
Power to approach, 170
Power with approach, 170
Power within approach, 170
Principal components, 30*n*2
Profit function, 128–129

Property regimes in marriage, 129–134
Property separation regime, 129–130
Public life, 19–21

Quantitative studies, 167

Regression(s), 70–72
  analysis, 98
Reproductive health, 19–21, 34–35
Risk ratio (RR), 156
Rural Microfinance and Employment (RUME), 184
Rural Tamil Nadu, 185, 189

SaTScan software, 152
Scheduled Caste (SC), 104
Scheduled Tribes (ST), 104
Self-Help Groups (SHG), 187
Silent genocide, 162
Silent revolution, 184
  burden of female debt, 189–192
  context, 185–188
  fall in women's employment, 189
  method, 184–185
  women's role in social reproduction, 192–196
Slum
  dwelling housing units, 100, 112
  estimation results for slums clusters, 112–116
Slum Rehabilitation Authority (SRA), 118*n*5
Social reproduction, women's role in, 192–196
Socio-demographic characteristics of female homicides, 151–157
Spatio-temporal dispersion of female homicides, 151–157
Spotlight Initiative, 162
Sub Saharan Africa (SSA), 38
  conceptual framework and empirical evidence, 39–41
  data, variables, measurement issues, and methods, 43–47
  empowerment and desired fertility in, 39
  empowerment related to desired fertility, 52–55
  fertility-empowerment relationship country-specific, 55–59
  local context matter, 59
  variable empowerment across countries, 47–52
Subjective measures, 45
Support to Training and Employment Programme for Women, 187
Sustainable Development Agenda, 1
Sustainable Development Goal 5 (SDG5), 5

Theory of structuration, 149
Time trend analysis, 21–25
Two-sample instrumental variables method (TSIV method), 71
  estimating parents' income by, 71–73

United Nations (UN), 14
United Nations Development Programme (UNDP), 14
  gender inequality index, 23
Usual Principal Status (UPS), 101
Usual Subsidiary Status (USS), 101
Utility function, 128

Varimax rotation, 30*n*2, 33
Violence, 148, 151

Wealth effect, 105
Women
  fall in women's employment, 189
  LFP, 99
  mobility, 43
  position, 38–39, 42–43
  in society, 67

Women's empowerment, 1–2, 14–18, 166, 201
clusters of countries, 22
cross-section analysis, 25–29
data and methodology, 18–21
dimensions, 19–21, 24
time trend analysis, 21–25
UNDP gender inequality index, 23
women's empowerment-development nexus, 27
Workforce participation, 100–103
World Economic Forum (WEF), 16, 25
